## What you need to know

### Tasting Room Hours

Tasting room hours vary by season. Typically they are open 11AM to 5PM, but there are exceptions and hours are subject to change. We recommend calling the Wineries you are interested in visiting to verify they will be open on the day of your tasting tour

### It's Remote

Download your directions! You will be in and out of cellular range during the drive. GPS may be spotty or unreliable. While the wine trails are well signed, you'll want to print out or download your maps.

### Don't forget to eat

Every tasting room provides hors d'oeuvres and light snacks. If you would like a more substantial meal, inquire with the sommelier about nearby farm-to-table fresh foods, buffalo or elk burgers, and other popular Pacific Northwest cuisine.

*Drive time: 1.5 Hours + 30 minutes per winery = 3.5 to 4 hours*
